The following are limitations or requirements for timber operations conducted under a Notice of Emergency Timber Operations (Notice, Notice of Emergency, or Emergency Notice):

1. This notice must be submitted to and received by THE California Department of Forestry and Fire Protection (CDF) at one of the offices listed below. Timber operations may not commence for five working days after receipt by CDF unless waiting period is waived by the Director of CDF.
2. 14 CCR 895.1 and 1052.1 define and list emergency conditions. Citing or paraphrasing of these sections does not satisfy the requirements of 1052.2. The Registered Professional Forester (RPF) preparing the notice must accomplish the following to substantiate the emergency. Describe the nature of the emergency, and the need for immediate cutting in sufficient detail so the reason for the emergency is clear. When the emergency is classified as financial, the following questions must be answered: What is the reason the timber has previously been inoperable or unmerchantable? Why is the harvest opportunity not economically feasible for more than 120 days? Why do the operations have only minimal impact on timberland resources? The financial emergency described in 14 CCR 1052.1 means financial loss of timber and not loss of profit. Financial loss requires a loss of timber resource.
3. Timber operations conducted under this notice must meet minimum stocking standards at the completion of operations. The timber operations shall also comply with all operational provisions of the Forest Practice Act and District Forest Practice Rules applicable to "Timber Harvesting Plan", "THP", and "plan". The requirements to submit a completion and stocking report apply. 14 CCR 1052 describes how exceptions to the rules for non-financial emergencies can be addressed. If this is a financial emergency the conditions specified in 14 CCR 1038 (b)(1) - (10) must be met.
4. The RPF preparing the emergency notice must sign the declaration of emergency and the timber owner must sign the declaration of intent to pay the Timber Yield Tax (PRC 4592).
5. This Notice of Emergency is valid for 120 days from the date accepted by CDF. If timber operations are to extend beyond the 120 day period, such operations must be described in an approved Timber Harvesting Plan. If there is any doubt that a timber operation will not be completed in 120 days, a THP should be submitted to CDF early during the 120 day operating period.
6. A timber operator with a valid State License must be designated upon submission of this notice.

The following suggestions may help ensure your compliance with the Forest Practice Rules:

1. Timber owners, timberland owners and timber operators should obtain and review copies of the Forest Practice Rules pertaining to the Notice of Emergency. Copies may be obtained from BARCLAYS LAW PUBLISHERS, P.O. BOX 3066, SO. SAN FRANCISCO, CA. 94080. or from CDF, Forest Practice Section, P.O. BOX 944246, Sacramento, CA 94244-2460; or from CDF's Web Page on the Internet at <http://www.fire.ca.gov>.
2. Contact the nearest CDF office listed below for questions regarding the use of this notice.
